I met Marilyn in my first gerontology class in 1977. She was a great person who helped many seniors in her career. All of her former colleagues at Aging Partners owe her so much for the contributions she made and her example of selfless giving. I am so sad to learn of her passing and my condolences to her family and friends. Rest in peace, Marilyn. You will be missed.

Very sorry to hear about Marilyn's passing. I was best man for her marriage to Roger Welsch. Many happy memories of those early days. Most sincere condolences to her family.
