The world is a dimmer place with the passing of Tina. My deepest condolences to her children Carmen, Estella and Richard. Your mother's love and devotion was an inspiration to all who witnessed her life's journey and passing.

I will miss her deeply and feel so blessed that we met. She was a strong, loving and generous woman. She loved life. Her courage and determination was evident in all she did.

Her children, grandchildren and great grandchildren possess the best pieces of her. I am thankful she will live on through them.
